MATERIALS SCIENCE GRADUATE STUDENT DAYS

23-24 February 2016
Lecture hall Kollektorn, TF
Chalmers Campus Johanneberg, Gothenburg

This annual popular science symposium for PhD students gives you the opportunity to present your work to your fellow graduate students and to discover what is new in Materials Science.

Connect with peers and get inspired!

- Popular science themed oral and poster sessions
- Invited speakers
- Social events
- Lab tour at Physics and MC2

Register and submit an abstract for oral and poster presentation no later than 16 December 2015 on the official Materials Science Area of Advance website at:
http://www.chalmers.se/en/areas-of-advance/materials/events/Pages/default.aspx
