

Appendix for prioritization of courses within Single Subject Courses for Working Professionals

Enter which course including Chalmers' course code you want to apply for. Rank them below in order of priority. Without this appendix, the application is not complete and thus not valid.

- You can be admitted to a maximum of 15 credits per study period.
- The order of priority according to your choices in this appendix applies.
- After submitting the application at universityadmissions.se to Single Subject Courses for Working Professionals for the spring semester you upload this appendix to your personal account.

Autumn semester

Study period 1

First priority:
