Social skills and competences

I worked in many international environments, including working at my Master thesis in Copenhagen, volunteering in many workcamps for the Service Civil International and working in farms in Australia. Thus I worked in contact and established relationships with people from every part of the world. This made me capable of confronting myself with countless different cultures and of feeling totally comfortable in any cultural, social, environmental, working context (from farm to university).

Computer skills and competences

Thorough knowledge of Microsoft Office and Windows, Mac and Linux operating systems. Expert user of the web.
Known programming languages: Python, C, Root, Wolfram Mathematica, Latex.

Artistic skills and competences

Drummer in different bands, theater actor, photographer and expert user of photo-editing softwares such as Photoshop.

Other skills and competences

Critical attitude, problem solving skills (in group or individually) resulting from the scientific formation of university studies.
