EDUCATION AND DEGREES

1971 Leningrad University (USSR) M.S. in Pure mathematics  
1974 Candidate (Ph.D.) degree in Pure Mathematics from Leningrad University.  
Thesis: Discrete spectrum distribution for singular differential operators

PROFESSIONAL EXPERIENCE

1999- Chalmers University of Technology, Dept. Mathematics, Professor  
1995-1998 Göteborg university, Dept. Mathematics, universitetslektor, docent,  
1993-1995 Aalborg university (Denmark), Dept. of Mathematics, guest professor, temporarily position,  
1988-1995 Leningrad (St Petersburg ) Electrotechnical Institute for Communications, Russia , Associate professor (docent), Department of Mathematics,  
1981-88 Leningrad, Research Center for Power Machinery (CKTI), Sr. Research Fellow  
1977-81 Leningrad, Research Center for Computer Technics, Sr. Research Fellow  
1974-77 Saransk (USSR) Mordovian University, Associate Professor  
1966, VIII International Olympiad in Math, 1-st prize Supervisor of 6 PhD

theses, of them 4 in mathematics:

- Nikita Isakov Finite element method for calculating turbine blades vibration, Leningrad, 1987,
  - Michael Melgaard, Scattering at the lower spectrum tip of magnetic Schrödinger operator (co-supervisor).(1998)
  - Mikael Persson, Spectral properties of quantum mechanical operators with magnetic fields, 2008
  - Magnus Goffeng Index theory in geometry and physics, 2011
- Corrently supervising 1 PhD student.

**Visiting researcher:** Toronto Univ. 1994,1997 , 2009, Potsdam University, 1999, Univ.Nantes 2000, Univ. Bordeaux, 2002, Univ. Aalborg, Denmark, 2001, Weizmann Inst. of Science, Israel, 1998, 2005, 2008, 2010, EFPL (Lausanne, Switzerland) 2010, Univ. Mainz, 2012, many shorter research visits in France, Italy, Spain, Germany, Russia, Poland, UK, USA, Canada and more.

**Conferences** Was invited speaker at more than 40 international conferences in Mathematics.

**Publications** More than 70 publications in Mathematics and Applied Mathematics, including one book.
