

# GABRIELLA GATENHOLM

---

## PROFILE

Friends and colleagues, I currently work with, would describe me as a highly driven, determined and dedicated person, not afraid of new challenges. To be a logical thinker and have the willingness to learn are skills that helps me achieve strong results at University, work and other obligations in life. These, I believe, are skills that are transferable to any new challenge I take on.

## FORMATION/EDUCATION

**2019 - current: Chalmers University of Technology, Gothenburg, Sweden**

Doctor of Philosophy (PhD) in Technology Management and Economics

**2011 - 2016: Chalmers University of Technology, Gothenburg, Sweden**

Master of Science (M.Sc.) in Mechanical Engineering.

**2014 - 2015: École Nationale Supérieure d'Arts et Métiers ParisTech, Paris, France**

M.Sc. Mechanical and Industrial Engineering, Master 1 FITE 2.

## WORK EXPERIENCE

**2017-2019: Global Feature Leader – Transport Effectiveness and Connected Solutions, Volvo Group Trucks Technology, Gothenburg, Sweden**

In my role, I was solely responsible to define, verify, tune, and validate the customer feature performance of connected solutions. Furthermore, I was driving connectivity verification on a global level for complete vehicle and extended truck. Part of Volvo's emerging leader talent program.

**2016-2017: Exponential Talent Program, Ericsson, Stockholm, Sweden**

Global graduate program based on three pillars; Leadership, Technology and Innovation. Combination of a regular work role and education. My regular role was in the global operations team for automotive projects. My responsibility was to ensure and locate resources for our global automotive operations. Travelling extensively in order to ensure resources and delivery in all projects.

**2015-2015: Master Thesis, SCA Hygiene Products, Gothenburg, Sweden**

Examined possibilities for cross-border trade using e-commerce for SCA's brand TENA.

**2015-2015: IT Consultant, Lundalogik AB, Gothenburg, Sweden**

Solely responsible for holding a workshop in Paris for their French customers where I presented their CRM software.

**Summer 2015: Supply Chain Planning Manager, Volvo Penta AB, Gothenburg, Sweden**

Planning and management of all activities involved in sourcing and procurement, conversion, and all logistics management activities for the US, Asian and French markets.

**Summer 2014: Product Development, Volvo Group Trucks Technology AB, Gothenburg, Sweden**

Product development concerning trailer connection. Visualization, simulation and presentation of developed concept in front of responsible at Volvo.
