

## **CAM<sup>2</sup> Annual Seminar 2022 – 5-year journey**

Preliminary Agenda:

### **October 24:**

- 9.00 – Welcome and introduction
- 9.15 – CAM<sup>2</sup> – 5-year journey
- 9.45 – RA1: Design for AM
- 10.00 – RA2: Material behavior and design of AM components
- 10.30 – break
- 11.00 – RA3: Powder for AM
- 11.30 – RA4: New Materials development for AM
- 12.00 – Lunch
- 13.00 – Invited lecture 1
- 13.45 – Invited lecture 2
- 14.30 – Break
- 15.00 – PhD student presentations
- 16.00 – Poster session
- 18.00 – Mingle
- 20.00 – closing of Day 1

### **October 25**

- 9.00 – RA5: Process and Geometry Simulation in AM
- 9.30 – RA6: Quality assurance and control in AM
- 10.00 – RA7: Optimization of the AM components properties by post-manufacturing treatment
- 10.30 – Education in CAM<sup>2</sup>
- 10.45 - Invited lecture 3
- 11.30 – Invited lecture 4
- 12.00 - Lunch
- 13.00 – Research activities in CAM<sup>2</sup>x2
  - Design for AM and material properties
  - Robust Powder for Additive Manufacturing
  - Post-AM treatment and quality assurance
- 14.00 – Industry presentations
- 16.00 – Panel discussion & Next Steps
- 17.00 - Closing
