MATERIALS SCIENCE GRADUATE STUDENT DAYS

20-21 FEBRUARY 2019
LECTURE HALL KOLLEKTORN, MC2 BUILDING
CHALMERS CAMPUS JOHANNEBERG, GOTHENBURG

This annual popular science symposium for PhD students gives you the opportunity to present your work to your fellow graduate students and to discover what is new in Materials Science. Connect with peers and get inspired!

The program includes:
- Popular science themed oral and poster sessions
- Invited speakers
- Social events and scientific speed dating
- Lab tour on the 21st of February

Register and submit your abstract no later than December 18th!

Go to the official Materials Science Area of Advance website:
