MATERIALS SCIENCE GRADUATE STUDENT DAYS

21-22 FEBRUARY 2018
ROOM KC, CHEMISTRY BUILDING
CHALMERS CAMPUS JOHANNEBERG, GOTHENBURG

This annual popular science symposium for PhD students gives you the opportunity to present your work to your fellow graduate students and to discover what is new in Materials Science. Connect with peers and get inspired!

The program includes:
- Popular science themed oral and poster sessions
- Invited speakers
- Social events
- Lab tour at Chemistry and Chemical Engineering

Register and submit your abstract no later than December 8th!

Go to the official Materials Science Area of Advance website:
