

# MATERIALS SCIENCE GRADUATE STUDENT DAYS

21-22 FEBRUARY 2017

VIRTUAL DEVELOPMENT LABORATORY, M-BUILDING  
CHALMERS CAMPUS JOHANNEBERG, GOTHENBURG

This annual popular science symposium for PhD students gives you the opportunity to present your work to your fellow graduate students and to discover what is new in Materials Science. Connect with peers and get inspired!

The program includes:

- ❖ Popular science themed oral and poster sessions
- ❖ Invited speakers
- ❖ Social events
- ❖ Lab tour at Materials and Manufacturing Technology

Register and submit your abstract no later than December 12th!

Go to the official Materials Science Area of Advance website:
